

# Disaster Resilient Communitites

Priority issue summary report

# Accomplishments

- ▶ Literature Review of Post-Disaster Redevelopment Plans nationwide
- ▶ July 10-11, 2012 “Long-term Recovery Planning Summit”

# Our Team Strengths

- ▶ “Allows us to learn from coastal managers in other states, share information, leverage resources on common interests, and build a community of practice.” – *Tancred Miller, NCDENR Technical Lead*
- ▶ “ Our strengths of involvement are regional networking, leveraging projects and a strong group cohesion for example our group is always focusing on accomplishing a task like the action plan, the Summit, or other meetings, it seems to have been the one thing that has kept our meetings regular.”  
– *Julie Dennis, FLDEO Technical Lead*

# Our Team Strengths

- ▶ “Allows us to build relationships/contacts with other states that are vital to projects in our own states and to regional projects.” – Jennifer Kline, GADNR Technical Lead
- ▶ “ Our team members are passionate about their individual work at the state level and the issues the GSAA is tackling. I’m proud to be working alongside each one.” – Will Salters, SCDHEC

# Team Challenges

- ▶ Lack of funding
- ▶ Staffing Limitations to accomplish GSAA tasks
- ▶ Insufficient information being communicated to the Team.
